A team may elect to use a maximum score of 10 for its individual players. However, teams and individuals wishing to compete for a division title, an individual title or a CCS qualifier spot must use full scoring for all of their five scoring players for each league contest throughout the league season and at the league tournament. The league standings will be determined by first considering those teams who used full scoring throughout the league season, with other teams and individuals who used "max scoring" finishing the league standings below those who used full scoring.

1.6.4.2 Scorecards and Verification

All scorecards will be mutually verified at the conclusion of the round. The players will sit at the scoring table as a group and go over each score by hole before scorecards are turned in. Any disputes shall be rectified at that point in time. Once a player leaves the designated scoring area the results are final and all disputes will be null and void. At the conclusion of each hole all players will announce their score out loud to the group as a numeral (e.g. 3, 4, or 5—not par or bogey or birdie).

Each Division will have a scoring representative who will be responsible for record keeping in all League Events. This scoring representative will use the NCGA method of adjusted scores on a team and individual basis

to assist in the CCS at-large seeding meeting. There are six “at large” team and six “at large” individual spots available for CCS Regional Tournament. Non-automatic qualifying teams will be presented for “at Large” worthiness, based on these averages, along with their entire resume. The scoring representative will assist the division team coach in preparing their adjusted scoring totals prior to submission to the CCS Seeding committee. All PCAL schools are encouraged to schedule a representative number of contests to aid in the seeding process. The order of seeding worthiness for non-automatic qualifiers at the completion of the League Tournament will be determined by comparative differential scores.

For all scoring matches (not scrimmages) each coach must keep accurate records according to **CCS at Large Scoring Sheet provided on the CCS website.**
